Q Wait now. You're looking for the papers of Dr. Ellsberg?

A Right.

Q And the reason he's telling you that -- did you know who Dr. Ellsberg was at that time?

A Yes.

Q Were you familiar with that?

A Yes.

Q He's telling you so you know what to look for, what name?

A The name, yes.

Q All three of you searched the filing cabinets?

A Yes.

Q Did you eventually find the file?

A No. We didn't find anything.

Q Why were you taking pictures?

A Well, he said "We will take pictures of everything that you see here in order to, if we want to put everything back again, to put it in the same way it is." But then I don't know why he changed his mind and we didn't do it (referring to putting the office back in order) after that and we left the whole place a mess there.

Q Tell me what you took pictures of, Mr. DeDiego.

A Of what?

Q Of what did you take pictures?

A Well, we took pictures of drawers in the Doctor's office and I believe that was the only picture we took and then we were looking all over in the files and everything and we didn't see anything.

Q Did you photograph any documents, Mr. DeDiego?

A I believe we took a picture of what he had on his drawer, but it was nothing regarding Ellsberg.

Q How do you know this?

A Because we saw it. We remembered what we had. I didn't see anything regarding Ellsberg.

* * * * *

Q Did anyone take any pictures that night?

A Yes.

Q Who was that person?

A Martinez took some pictures.

Q He photographed various papers?

A Yes. He photoed a paper from the drawer.

Q Do you have personal knowledge of what Mr. Martinez photographed?

A No.
